# RELY CURED IN 2 MONTHS BY CUTICURA

my son Walter was three weeks  
appeared on his face. We did  
not know what  
it was so went  
to a doctor who  
treated him for  
three months.  
Then he said  
that his face  
and head were  
nothing but one  
sore and his ears  
looked as if they  
were going to fall  
off, so we tried  
another doctor.  
He said he could  
cure him and we  
did there four months, the baby  
getting any better. His hands  
then had big sores on them  
and he was so  
it, the poor little fellow suf-  
terably. First I tied his hands  
with a cloth to keep him from scratching,  
and it got so bad I tied him in a  
sheet and he would scratch himself all  
the time. When he was seven months old  
I used a set of Cuticura Remedies,  
and application of Cuticura lard  
and rest, well, in one week  
he was gone but it stayed red  
sometimes it would itch so we  
used Cuticura for two months, then he  
was clear and white face. Now he is  
seven and seven months old and  
never had eczema again. I hope  
every mother will help some who are suffer-  
ing from skin disease. Every mother  
has a baby suffering with skin  
disease. About Cuticura Remedies,  
about just try Cuticura; there  
is nothing better. Mrs. Louis Beck, R.  
San Antonio, Tex., Apr. 15, '07.

# DOCTORS MISTAKES

are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he assumes them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The disease, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, but the disease, by the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

A powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unexcelled as an appetizing, cordial and restorative tonic.

As a soothing and strengthening nerve medicine, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, restlessness, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

# LOANS OF MILLIONS CARRIED AS ASSETS

Some More Light Shed on Stand-  
ard Oil's Dealings With  
Branch Concerns.

NEW YORK, Sept. 27.—George Chesbrough, controller of many subsidiary pipe line companies of the Standard Oil company, took the stand today in the government suit against the Standard Oil company of New Jersey, to give testimony regarding the operating costs and profits of the pipe line companies.

Mr. Kellogg questioned the witness regarding the Buckeye Pipe Line company.

"I notice the following loans made by the Buckeye Pipe Line company to the National Transit company, as shown by the balance sheets of the Buckeye company: In 1900, \$3,517,141; in 1901, \$5,231,287; in 1902, \$5,658,618; in 1903, \$8,115,152; in 1904, \$6,515,488; in 1905, \$3,389,328; in 1906, \$4,616,514. What were these loans?" asked Mr. Kellogg.

"They represented funds on deposit with the National Transit company," replied Mr. Chesbrough.

"You carried these loans as an asset?"

"Yes, sir."

"Why did you deposit these funds with the National Transit company?"

"We used the National Transit company as a bank, and we could call for the funds whenever we wanted," replied the witness.

Mr. Chesbrough said that such a banking arrangement was because the shipping might call for the shrinkage funds at any time.

**Oil Trust Owned Pipe Line.**

The witness said that the Standard Oil company owns the pipe line which was run under New York, and previous to 1905 leased it to the New York Transit company.

Mr. Kellogg testified that the New York Transit company sold the pipe lines from Unionville and Centre Bridge to Bayonne to the Standard Oil company in 1905. He could not recall the purchase price.

Mr. Kellogg asked the witness about loans shown by the balance sheets of the National Transit company to have been made to Messrs. Folger and Payne, but he had only heard of them. He was unable to identify C. J. Barnsdale, whom the company was shown to have loaned \$270,581, and did not know whether he was connected with the Barnsdale Oil company of Indiana.

**Not Able to Find Books.**

Charles S. White, assistant secretary of the Standard Oil company of New Jersey, was called. He said he held portfolios with various subsidiary companies of the Standard. Mr. Kellogg asked the witness to produce a list from the records of the Standard Oil company of New York of all stockholders voting at all meetings from 1900 to 1906, and a list of those holding trust certificates not voting; also for the same information concerning all the companies with which the witness was connected.

Mr. White said the books of the Standard trustees and liquidating trustees were not in the office of the secretary of the Standard Oil company of New Jersey. He searched for the books but was not able to find them.

"I asked Mr. Tilford, who was one of the liquidating trustees," replied Mr. White.

"What did he say?"

"He said he had no idea," said the witness.

At this point adjournment was taken until next Thursday.

**MRS. ROOT IN FAVOR  
OF THE ARMY CANTEN**

ST. LOUIS, Sept. 27.—When Secretary of State Root and Mrs. Root and daughter passed through here last night, on route to Mexico, Mrs. Root, in a brief statement, declared herself emphatically in favor of the re-establishment of the army canteen.

Addressing herself particularly to Congressmen Henry S. Canfield of St. Louis, who with others, made a brief call on Secretary Root's private car, she urged him to vote for the re-establishment of the canteen and advised him not to be deterred from that purpose by possible protests from the wives of constituents.
